

	<b>KUTCH COPPER LIMITED</b>	<b>Revision:01</b>
	<b>ENVIRONMENT POLICY</b>	<b>Date.: 04.12.2025</b>

At Kutch Copper Limited (KCL), we are committed to managing our environmental responsibilities with diligence and foresight. We recognize that sound environmental practices and effective pollution control are essential to our operational integrity, stakeholder confidence, and long-term value creation.

We maintain an Environmental Management System (EMS) certified to ISO 14001 and align our practices with applicable legal requirements and evolving stakeholder expectations.

This policy applies to all employees, and business partners engaged in Kutch Copper Limited (KCL).

To support this commitment, KCL will:

- Comply with all applicable environmental laws and regulations.
- Maintain and continually improve our ISO 14001 certified Environmental Management System (EMS).
- Integrate environmental considerations into business planning, risk management, and operational decision-making, including climate considerations (see Climate Change Policy), energy management considerations (see Energy Management Policy), biodiversity considerations (see Biodiversity Policy), risk management considerations (See Risk Management Policy), Waste Management considerations (See Waste Management policy) and other relevant environmental topics.
- Identify and manage environmental risks through structured assessments and appropriate mitigation strategies.
- Promote efficient use of natural resources and energy, support waste minimization and circular economic principles with measurable targets and monitoring mechanisms.
- Implement controls to prevent and reduce pollution, including emissions, effluents, and waste, in line with site-specific risk profiles .
- Safeguard biodiversity and ecosystems in areas where we operate, applying a risk-based and context-sensitive approach.

	<b>KUTCH COPPER LIMITED</b>	<b>Revision:01</b>
	<b>ENVIRONMENT POLICY</b>	<b>Date.: 04.12.2025</b>

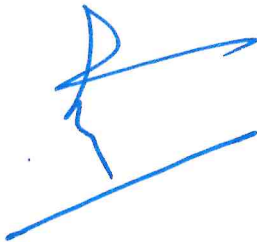

- Monitor and evaluate environmental performance.
- Engage and build capacity among employees, contractors, and partners to support environmental objectives and responsibilities.
- Communicate transparently with stakeholders on material environmental matters, consistent with our governance and disclosure practices.

The aforesaid policy shall be made available to all the relevant stakeholders. The policy shall be reviewed periodically, at least every two years, for its appropriateness and updated as necessary.

**Oversight & Responsibility:**

This policy is overseen by the Managing Director.

Under site leadership, the Operations and Maintenance (O&M) team is responsible for embedding environmental considerations into relevant systems and processes.

**Dr. Vinay Prakash**  
Managing Director
